That’s real power.  
And real responsibility.”

## The Future of Rotary

### 2009 District Assembly – May 13, 2009

The Future of Rotary Is In Your Hands, the RI 2009-10 theme is an invitation to strengthen Rotary at the club level by providing the administrative framework of an effective club for the 2009-2010 Rotary year and beyond. The purpose of the District Assembly is to support the incoming Presidents, as they build their 2009-2010 leadership team. And to offer an understanding of the Rotary International Theme “**The Future of Rotary is In Your Hands**” and the incoming District Governor Loren Harper’s message and focus for the year. Further, the District Assembly provides opportunities for the general membership to participate in trainings and fellowship, and to join together in support of the incoming club and district leadership.

The overall emphasis on leadership and empowerment will be reflected in some exciting training sessions this year, which hopefully will create a vision at the club level that embodies planning, communication, involvement of all club members and continuity of leadership. These areas are aligned with Rotary International’s Club Leadership Plan (CLP) and can be reviewed at [www.rotary.org](http://www.rotary.org) if you do not already have a copy. Please be aware that folks interested in the Community, International and Vocational Services might consider attending the "Service Projects" session.

Please register via your club President-elect.

### President of Rotary International

In this issue of The Rotarian you will find a new edition of Global Outlook. It takes a close look at the problem of child survival, and what Rotarians are doing about it. I hope that you will be inspired by the accounts of what your fellow Rotarians are accomplishing – and motivated to expand your own club’s work against child mortality.

When I first chose Make Dreams Real as my theme and asked Rotarians to focus on reducing the rate of child mortality, I was confident that we would be able to make a real difference. I knew that the same areas that are critical for saving children’s lives – water, health and hunger, and literacy – are the areas in which Rotary service excels.

Still, the way that Rotarians have responded has exceeded even my own hopes. Our club and district projects are saving lives, one at a time, with determination and with success. And as we all work together to eliminate polio, we know that we are saving lives for generations to come.

In the months since Rotary’s US\$200 Million Challenge was announced, I have had many opportunities to explain to Rotarians just why it is vital that we work to bring so much new funding to the polio eradication effort in so short a time. The answer, put simply, is that we are at a critical, and I believe final, stage in the campaign. Only four polio-endemic countries remain: Afghanistan, India, Nigeria, and Pakistan. All present obstacles to the eradication effort, such as war, unreliable infrastructure, difficult terrain, poor sanitation, and high birthrates. In India’s Uttar Pradesh alone, 500,000 children are born every month. And in this region, the usual number of vaccine doses required to confer immunity – six – must be doubled. Why? Because the children there are exposed to so many different viruses and carry so many different bacteria, all of which “compete” with the oral polio vaccine.

To wipe out polio in these final four countries will take a coordinated effort of intensity and strength, requiring the support and participation of many individuals and organizations. We in Rotary have been part of the polio eradication effort from the beginning, and we are committed to seeing it through to the end. In this way, we know that we will Make Dreams Real – not only in this Rotary year but for generations to come.

## Every Rotarian, Every Year

### A Message from Jonathan Majiyagbe, Chair

Dear family of Rotary,

In challenging economic times, it is vitally important to use The Rotary Foundation's resources to help meet growing humanitarian needs. Through the Every Rotarian, Every Year initiative, our contributions to the Foundation's Annual Programs Fund can be lifesaving for people in desperate circumstances.

We can each help Make Dreams Real through the Foundation's humanitarian and educational programs by giving at least US\$100 to the Annual Programs Fund every year. Rotarians, clubs, and districts can also make challenge gifts to the fund, boosting the Foundation's ability to reach more people in need.

How great a difference can our contributions make? We see the results of our work when, because of a Foundation grant project, a child drinks clean water from a well, a person learns to read, or a family earns income from a business started with a microcredit loan. We see the effects in the life-changing experiences of Ambassadorial Scholars and Group Study Exchange teams, who in turn touch the lives of other people in their home and host countries.

Every Rotarian, every contribution, and every project and program participant makes a difference every year. Through the Foundation's programs, Rotarians are strengthening understanding between nations and helping to lay the groundwork for global peace.

The Rotary Foundation is one of the most respected private foundations in the world. By giving our ongoing support to its programs, we as Rotarians can be confident that our service efforts are being multiplied many times over for the benefit of humankind.

## Livermore's Talent Show

---

### Competing in Front of a Packed House

The Rotary Clubs of Livermore hit a grand slam at their "Livermore's Talent Show - 2009 Performance Competition" at the Bankhead Theater. The 500-seat house was literally packed and each of the 13 competing performances received an overwhelming reception from a very appreciative audience. The evening of performances included a handbell ensemble, solo vocalists, a solo saxophonist, a violin/guitar duo, a guitar soloist, a cello soloist, an operatic soprano, a drum soloist, and a rock band.

The 17 and under winner was Monica Pidoy from San Leandro. She's an 11 year old with a voice, "that can shake the rafters." The 18 and over category was won by Livermore's own Kristen Allen/Michel Rodrigues, an acrobatic gymnastic duo. Their performance was a mix of sensual Tango dancing and gymnastic prowess that made the audience gasp in unison. Each of these winning performances took home \$2500. The gymnastic duo are the mixed pairs world champions.

The four judges who were given the task of picking the two winners were screen star Cathy Lee Crosby, Allen Larson from JR Powers in Pleasanton, Livermore's own legend Carol Jean from Carol Jean's Dance Studio, and Len Alexander, advisor for LVPAC Presents.

There were so many talented people with such a variety of performances, that it was actually very difficult to chose the winners. While the judges were deliberating the audience was treated to the singing of special guest star Richard D. King.

DVD recordings of this show are available at [www.LivermoresTalentShow.com](http://www.LivermoresTalentShow.com). All net proceeds go towards the up- coming community grants that will be awarded by the two Rotary clubs in Livermore.

**"Being a part of this talent show was a wonderful experience. I not only had fun performing, but also watching the other acts, which were all so breathtaking that I was constantly on the edge of my seat."** Olivia Glass, Graduate of Livermore High School (2008 Class Valedictorian) and currently a freshman at UC Davis, majoring in Animal Science.
